

Strategic Plan Goals	A High Impact, Integrated, Undergraduate Education	Formation in Values, Meaning, and Purpose	A Diverse and Flourishing Community
SL&L Goals	<u>Advance Student Learning</u>	<u>Promote Student Engagement</u>	<u>Enhance Positive Campus Climate & Community</u>
Primary Objectives	Connecting the Curricular and Co-curricular Connected Learning is the purposeful integration of curricular (academic classes/knowledge) and co-curricular learning (experiences outside the formal classroom). Connected learning includes the Experiential Learning Requirement Paradigm of Preparation, Implementation, and Reflection	Stimulate Student Initiated Programming Programming initiated, planned and implemented by student groups which involve students in active learning.	Promote Cultural Diversity & Understanding Programs, staff, spaces and traditions that promote self understanding, a sense of belonging and understanding of others different in their interests, heritage, cultures, and perspectives.
	Advance Gen Ed Competencies Experiences outside the classroom are intentionally structured so students can learn, demonstrate and articulate specific skills supporting the General Education Program	Promote Identity and Relationship Building Programs, services and physical spaces to invite students to develop a stronger understanding of themselves (identity), and to form deeper relationships with peers and mentors.	Foster Citizenship/Personal Integrity Programs, policies and procedures that allow students to exercise academic citizenship, take responsibility for their own learning, maintain community standards and promote civility and respect for self and others.
	Link Social and Intellectual Learning Social programs and settings will include faculty and academic/intellectual activities and intellectual/academic programs will be provided in social settings with social components as appropriate.	Provide Leadership Development Students are given increasing amounts of responsibility and freedom in administering campus programs and student organizations as they rise in administrative structure	Provide Safe & Accessible Environment Ensure that students basic needs for safety, comfort, appearance, and accessibility are met through policies, procedures, facilities, and appearance.
		Coordinate Holistic Initiatives Integrate mind, body, and spirit	Provide Student-Centered Services Student services will be based on evaluation of effectiveness for meeting students' basic needs for safety, cleanliness, comfort, appearance and accessibility, as well as for convenience, cost effectiveness and "user-friendliness" for a growing and diverse student population.
Assessment Areas	Cognitive Complexity; Knowledge Acquisition, Integration, Application; Persistence & Academic Achievement; Practical Competence; Civic Engagement; Humanitarianism; Interpersonal & Intrapersonal Competence
